IGSSA Specific Rules

There is no precedence in t20 Blast to accommodate 7 players, however we want to allow teams of smaller size to play, whilst also ensuring they are not advantaged by doing so. And ensuring a full game can be played between sides.

The following rule has been decided on for this competition:

Before the 7th player comes out to bat, the umpire select the batsman with the lowest score to come in a second time to bat with the 7th batsman. Likewise for the extra overs the umpire selects the bowler with the least wickets to bowl two more overs.

If a game commences later than 4:10pm, the amount of deliveries in an over will be reduced from 6 to 5. Each pair bats for 4 overs, within the overs one batter will face three balls of the over for two overs, and then two balls of the over for two overs. This ensures that all players still get an even chance, whilst also ensuring that schools and parents are not inconvenienced by the competition running late.

Should a team have an extra player, they may share the number of batting / bowling overs with another player (so 2 people play as 1)
