

Feel confident that your child has safe & easy access to their money on the IGSSA China Stars Int'l Friendship Games Tour

The IGSSA China Stars International Friendship Games Tour 2016 is fast approaching and we understand that many of you have questions as to how the students can access their funds safely and cost-effectively whilst overseas. We have a simple and easy solution for students and teachers; the Mastercard Multi-currency Cash Passport Card and commission free Chinese Yuan currency in cash.

Chip & PIN protected and a free back up card..

In short, the Mastercard Multi-currency Cash Passport card is a prepaid debit card that is able to be pre-loaded in up to 10 currencies. The card is designed for travel, suitable for all ages and can be used to withdraw funds from suitable ATM's in China and also to make purchases over the counter. The cards are not linked to any personal bank accounts and you receive a free back up card, meaning that the students can have peace of mind that they will never be without access to their money on tour. There is no Chinese Yuan available to load onto the travel card, so you can simply choose to load Australian Dollars and the card will convert to the local currency at the time of the transaction with a 5.95% currency conversion fee*. There are no additional flat fees charged in addition to the currency conversion fee, which can significantly reduce charges in comparison to a bank issued card. Please note that some ATM operators may charge their own fee.

- Receive a free back-up card just in case the primary card is lost or stolen
- Gain access to 24/7 emergency assistance for any unexpected troubles
- Register for an online account to view the card balance and transactions
- Manage the card online from Australia while the students are on tour
- Use the card in any suitable Mastercard ATM worldwide
- Have peace of mind that the card is not linked to any personal accounts

We do recommend that the cards are set up in the student's names, as this then means that they have authority to talk to the emergency support team if they require any assistance whilst in China.

In addition to a secure travel card, having some local currency in physical cash is recommended so that the students have currency on hand at times when there is not an easily accessible ATM. All cash exchanges for IGSSA tour participants are commission free.
