

Feel confident that your child has safe and easy access to their money on the IGSSA Singapore Netball Tour 2016

The IGSSA Singapore Netball Tour 2016 is fast approaching and we understand that many of you have questions as to how the students can access their funds safely and cost effectively whilst overseas. We have a simple and easy solution for students and teachers - The Mastercard Multi-currency Cash Passport Card and commission free Singapore Dollars in Cash. Should you wish to place an order, it will be delivered free of charge to the final tour information evening in April.

Enjoy fee-free access and a free back up card..

In short, the Mastercard Multi-currency Cash Passport card is a prepaid debit card that is able to be pre-loaded in Singapore Dollars. The card is designed for travel, suitable for all ages and can be used 100% fee-free in Singapore if you have pre-loaded Singapore Dollars. This can significantly reduce overseas card fees when compared to a bank card and save students from having to keep a tally of fees and charges.

*Please note that some ATM operators can charge their own fee.

- Receive a free back-up card just in case the primary card is lost or stolen
- Gain access to 24/7 emergency assistance for any unexpected troubles
- Register for an online account to view the card balance and transactions
- Manage the card online from Australia while the students are on tour
- Use the card in any Mastercard ATM or at any merchant on tour
- Have peace of mind that the card is not linked to any personal accounts

We do recommend that the cards are set up in the student's names, as this then means that they have authority to talk to the emergency support team if they require any assistance whilst in Singapore.

In addition to a secure travel card, having some local currency in physical cash is recommended so that the students have currency on hand for small purchases such as something to eat or drink when they first arrive in Singapore. All cash notes are commission free for tour participants.

*Please refer to the full Mastercard Multi-currency Cash Passport Card Product Disclosure Statement for full reference to card terms and conditions.
